

DEPARTMENT OF BIostatISTICS COURSE SCHEDULE (GRADUATE)
SPRING 2023-2024

MONDAY

09.30 BIS 661 Statistical Simulation Methods
09.30 Scientific Preparation Course
13.40 BIS 710 Medical Decision Making
13.40 BIS 663 Longitudinal Data Analysis

TUESDAY

10.30 BIS 604 Research Methods in Health Sciences
10.30 BIS 736 Research Methods in Health Sciences
13.40 BIS 620 Logistic Regression
13.40 BIS 756 Statistical Computing II

WEDNESDAY

10.00 BIS 768 Structural Equation Modeling
10.00 BIS 786 Data Mining
13.40 BIS 603 Statistical Computing I
13.40 BIS 627 Statistical Methods for Rates and Proportions
13.30 BIS 735 Biostatistics

THURSDAY

10.00 BIS 769 Meta Analysis
10.30 BIS 771 Introduction to R Software
13.40 BIS 719 Categorical Data Analysis I
13.40 BIS 757 Multivariate Statistical Methods II
13.30 BIS 605 Biostatistics

FRIDAY

09.40 BIS 745 Statistical Methods for Reliability and Validity

NOTE: The spring semester is between February 19, 2024, and May 26, 2024.
The courses will start on February 19, 2024.
